### **DETAILED ACTION**

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed September 09, 2010 has been entered.

### ***Objected Claims***

2. Claims 20-27 are objected to under 37 CFR 1.75 as being a substantial duplicate of claims 1-8 respectively. When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to object to the other as being a substantial duplicate of the allowed claim. See MPEP § 706.03(k).

### **Allowable Subject Matter**

3. Claims 1-19 and 28-43 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art fails to teach or suggest the limitation, "said host baseband processor is operable to time synchronize said second wireless communications system to said first wireless communications system based on timing information transferred to said host baseband processor from said baseband co-processor," along with other limitations of the independent claims.
